

## Instructions for Running a Therap Scavenger Hunt

- Please ensure that all participants in the Therap Scavenger Hunt have **access to a computer with internet connection**. It may work best to break larger groups into small teams depending on number of computers available.
- **Print off enough copies of the Therap Scavenger Hunt** for staff to fill out their answers on or instruct them where to find the questions, if you would like them just to jot down their answers separately.
  - Therap Scavenger Hunts are located under the 'Training' tab (**Training > Therap Games**) from our website.
  - Highlight Training, and then from dropdown, click on 'Therap Games'.
- All users participating in the hunt will need to **login to the following DEMO account**:
  - **User Name:** viewgame
  - **Password:** oktoshare
  - **Provide Code:** DEMO
- Separate **Hints & Answer Guides** for each module's questions are also provided for download. This document is to be used by the people coordinating Therap Scavenger Hunt.
